Dear parents and carers

I am writing to inform you that we have received confirmation that two members of our school community, have tested positive for COVID-19. If you have not been contacted individually prior to receiving this letter; please be reassured that the individual was not in your child's school bubble.

Following government and local authority guidance the affected individuals and their family have now started their isolation.

We have also sent a letter to parents and carers of children, and the staff, of the school bubbles affected telling them that they need to isolate for 14 days from when they last had contact with the individuals affected, in line with government guidance.

I would like to reassure you that our school is very careful to make sure everyone follows government and local authority guidance for cleaning and social distancing.

Should any member of your household start to get symptoms of COVID-19 please arrange to get them tested and inform the school immediately.

The main symptoms of COVID-19 include:

- **a high temperature** – this means they may feel hot to touch on their chest or back (you do not need to take their temperature with a thermometer)
- **a new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if they usually have a cough, it may be worse than usual)
- **a loss or change to their sense of smell or taste** – this means they may tell you that they cannot smell or taste anything, or things smell or taste different.

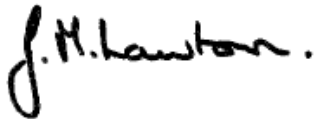

To book a free COVID-19 test, visit the NHS website or phone the NHS on 119:

You can get a test at a testing site, or by asking for a home testing kit.

Information about coronavirus (COVID-19) is available on the government website:

The health, safety and wellbeing of our children and staff is extremely important to us and we thank you for your continued support.

Yours sincerely
